+91 6289877677

Passionate about Software Development, pursuing Computer Science & Engineering focusing in competitive coding and web development.

EDUCATION

Coochbehar Government Engineering College M.A.K.A.U.T (Formarly W.B.U.T)

Bachelor of Technology | Computer Science & Engineering

08-2017 to PRESENT
- SGPA- **9.93** (Current)
- CGPA- **8.66** (till 7th sem)

MAKARDAH BAMASUNDARI INSTITUTION

W.B.C.H.S.E. | HIGHER SECONDARY

- Year- 2016
- Percentage- 77% (A)

W.B.B.S.E | SECONDARY

- Year- 2014
- Percentage- 86% (A+)

PROJECTS

GROCERY SHOP ADMIN PANEL

https://github.com/souvikdutt/Grocery-Management-System

A Dynamic Web Application using **Java**, **JSP** and **Servlet** technology. UI implemented by **Html**, **CSS**, **JS** and **MySQL** used as database. This application is capable of maintaining daily stocks, orders, customers transactions , lender transaction, billing etc. in a user friendly manner.

LIBRARY MANAGEMENT SYSTEM

https://github.com/souvikdutt/Library-Management-System-using-Python

This is a basic **Python** project developed using file-handling. The project contains only the admin side. The admin side does all the management like adding and managing categories, authors, books, keeps track of the books present in the library, It provides searching facility by author/book name, borrow a book by ID, return a book etc.
